Nan **Jia**

Amsterdam, Netherlands

(+31) 617539451 | zczlnj0@gmail.com | nannanjia

I am a creative, hands-on problem solver with experience turning ideas into real outcomes. While running my own café, I also built a Xiaohongshu channel with 2,000 followers, producing over 100 posts and several viral videos. These experiences strengthened my ability to manage diverse projects, create engaging content, and deliver results under pressure.

Education

University College London — *London*

MSc Wireless and Optical Communications — *Sep. 2021 - Dec. 2022*

- Degree Thesis: Study the impact of 5MHz bandwidth in future 5G systems
- Degree Classification: Distinction

Beijing Jiaotong University — *Weihai*

BEng Electronics and Communications Engineering — *Sep. 2016 - Jun. 2020*

- Awarded the scholarship for excellent study between 2016 and 2019

Lancaster University — *Lancaster*

BEng Electronics and Communications Engineering — *Sep. 2016 - Jun. 2020*

- Degree Classification: First class honors

Work Experience

Freelancer — *Chongqing and Amsterdam*

Private Tour Guide for International Tourists — *Jan. 2025 - present*

- Engaged with international clients to understand travel preferences, dietary needs, and cultural considerations.
- Designed customized itineraries and coordinated logistics to ensure a smooth travel experience.
- Guided guests through Chongqing, providing local insights and proactive support while adapting plans in real time.
- Organized and edited travel footage to create engaging video content capturing key moments and experiences.

TZL Coffee — *Chongqing, China*

Founder and Brand Creator — *Mar. 2024 - Apr. 2025*

- Launched an independent coffee brand, developing its visual identity, including logo design and promotional materials.
- Created and refined a diverse beverage menu through market research and product experimentation.
- Managed all operational processes - procurement, inventory, financial tracking, and risk control - to ensure sustainable business performance.
- Operated a Xiaohongshu (Rednote) account as the brand's primary marketing channel, growing it to 2000 followers organically.
- Produced 100+ posts/videos since 2024, and achieved 10+ viral pieces, with the top post exceeding 1M views and 10K likes.
- Gained hands-on skills in video shooting, editing, copywriting, and storytelling; leveraged data insights (view retention, CTR, posting time) to adapt content strategy.
- Designed and launched the café's website as part of a cohesive brand ecosystem, aligning visual identity with social media content and customer communication.

MediaTek Inc. — *Cambridge, UK*

3GPP Standardization Intern — *May. 2022 - Nov. 2022*

- Investigated the impact of truncated SS/PBCH blocks on 5MHz bandwidth configurations for future 5G systems under 3GPP standardization.
- Conducted literature reviews, developed Python analysis modules, and evaluated simulation results to support technical proposals.
- Delivered regular progress updates and technical reports to supervisors and cross-functional teams.

Skills and Interests

Hard skills	Video editing, CapCut, Premiere Pro Photoshop, MS Office, Python, Matlab
Soft skills	Communication skills, problem-solving skills, time management, quick learning, team cooperation
Language skills	Mandarin (native), English (advanced), German (beginner)
Interests	Reading, regular Yoga and Pilates practice, traveling to various countries, and cooking and baking
